* In 2008, Right to Life of Michigan, one of the groups that most misled their donors, not wanting to say goodbye to their 15-year cash cow, introduced yet another meaningless PBA bill, so all of their 2006 - 2007 dollars are included above.

Note: The PBA fiasco fundraiser brought in tens of millions more for political parties and candidates including even pro-choice candidates like SD's Tom Daschle who received political cover by voting for the meaningless PBA ban.
